Rev Jeff's Message

At the South West Peninsula Synod recently we were told that the District will have a focus for 2026/7 on our members and churches being "Salt and Light" for the world. Jesus asserted that his followers **are** salt and light, not that we need somehow to become these things! Something we may note about salt and light is that they are most effective when you don't notice them. Salt shaken over food, light dispersed in a room or daylight flooding as morning breaks evidence this fact well. So as Christians we will be most effective when we flavour our relationships with grace, bring the healing properties of the Gospel to our communities – not salt in a lump like the blue bag we used to get in crisp packets! Effective when we bring light into this world's dark places. As individuals and as a church let us enter fully into being salt and light for Shiphay and beyond.
